

Kleen-Pail® Caddy

BENEFITS

INTEGRATED SPRAY BOTTLE
CREATES PORTABLE CLEANING AND
SANITIZING SYSTEM

SAVES TIME
MAKING CLEANING EASY

Mixing cleaning and sanitation solutions in the same bucket can be harmful to surfaces, equipment and people.

The Kleen-Pail Caddy System is an effective answer to keeping these solutions separate. This easy to use, all-in-one cleaning/sanitizing pail increases productivity by combining two tiresome processes into one efficient tool. While the Kleen-Pail Caddy's handle design provides stability and comfort while in use, the pour spout and raised solution level markings ensure quick, safe, easy, effective cleaning of any surface.
