

**NEW**  
**SteamChef 6™**

Boilerless/Connectionless  
Convection Steamer  
with Manual Water  
Fill & Drain

*Featuring*

**“KleanShield”**

Keeping your reservoir  
pure from contaminants

# The SteamChef 6™

## Boilerless/Connectionless Convection Steamer with Manual Water Fill & Drain (model 22CCT6)

### Features:

#### "KleanShield™" Technology

- Eliminates foaming, flavor transfer and cross contamination caused by the water reservoir typically found in connectionless steamers.

Steam generating water from SteamChef with KleanShield (left) and typical connectionless steam water (right) after 3 loads of potatoes.

KleanShield's condensate pan catches contaminants and sends them down the drain, not back into the cooking compartment.

This keeps the compartment and water reservoir clean which makes it easy to maintain, eliminating the need to descale a separate generator.

KleanShield also prevents cross contamination of shellfish allergens.

#### ENERGY STAR® Approved

- The first ENERGY STAR® approved Boilerless/Connectionless Cleveland Convection Steamer.
- Exceeds ENERGY STAR® requirements for cooking and idle efficiency. 72% cooking efficiency for heavy load potatoes.

#### SureCook Load Compensating Thermostat

- Eliminates guesswork for cooking times.

#### Warranty

- 3 years parts and labor door warranty.
- 1 year parts and labor gasket warranty.

#### Exclusive Convection Baffle System

- Improves heat transfer and temperature distribution.
- Ultra fast and efficient steam cooking.
- High-speed fan forced convection steam for faster heat-up and recovery.
